ATTRIBUTE DIRECTIVES

Not just components, behavior!

```
app.directive('enter', function () {});
```

```
app.directive('enter', function () {
    return {};
});
```

```
app.directive('enter', function () {
    return {
        restrict: 'A'
    };
});
```

```
app.directive('enter', function () {
    return {
        restrict: 'A'
    };
});
```

A is for **Attribute**

```
app.directive('enter', function () {
    return {
        restrict: 'A'
    };
});
```

A is for **Attribute**

E is for **Element**

```
app.directive('enter', function () {
    return {
        restrict: 'A',
        link: function () {}
    };
});
```

```
<div ng-app="MyAngularApp">

    <ul class="navigation"
        ng-controller="NavigationController">

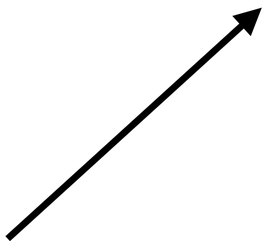
        <li ng-repeat="page in pages"
            ng-click="goTo(page)">
            {{ page }}
        </li>

    </ul>

    <div ng-controller="MainController">
        <status-update ng-repeat="update in updates">
        </status-update>
    </div>

</div>
```

```
app.directive('enter', function () {
    return {
        restrict: 'A',
        link: function () {}
    };
});
```



Called when the scope and corresponding element are “linked” or “combined”

```
app.directive('enter', function () {
    return {
        restrict: 'A',
        link: function (scope, element, attrs) {}
    };
});
```

```
app.directive('enter', function () {
    return {
        restrict: 'A',
        link: function (scope, element, attrs) {}
    };
});
```

Scope **E**lement **A**ttributes

ISOLATE SCOPE
